

**Drive without limits**

A blurred, high-speed perspective of a road winding through a mountainous landscape. The road is dark asphalt with white lane markings, curving to the right. The surrounding terrain is rugged and rocky, with a hazy, overcast sky. The image has a motion blur effect, conveying a sense of speed and freedom.

# Customized for your automobile and the way you drive

You want the best. That's why you drive the automobile you do. And you want protection from speeding tickets, because you drive your high-performance vehicle the way it was meant to be driven.

That's why you need the K40 RL360di, the only radar and laser protection system in the world that is fully customized for your automobile and the way you drive.

## **Undetectable installation: You'll only know it's there when you need it**

The RL360di System is sold and installed exclusively through our network of elite K40 Authorized Dealers. These professionals ensure your new RL360di System is as undetectable to you as your automobile is to police radar and laser. You won't know it's there – until it warns you.

## **A radar and laser solution as elegant as your automobile**

Four custom-installed, completely hidden receivers for detecting X, K, Ka-Band, and police laser. A virtual force field of protection – a full 360°. A single, simple remote that controls your entire system. Your RL360di is as powerful and elegant as the automobile you drive.

**"I love having a K40."**

"Now I drive my car the way it was made to be driven. I spend less time looking for police and more time with my eyes on the road."

**- Tom W.,  
Fresno, CA**

# The K40 Consult: Building your RL360di System around you

What is your primary driving environment? Urban highways and city streets? Rural roads and low-traffic interstates? On the open road, how fast do you typically drive? The K40 Consult, a 15 to 20 minute phone conversation with an experienced K40 Radar/Laser Consultant, provides the detail necessary to optimize your RL360di System for the way you drive.

**Four hidden receivers,  
18 unique settings, *hundreds of*  
customizable combinations**

Every RL360di Radar and Laser Protection System installation is unique. The make and model of your automobile and your driving style directly impact system design. With literally hundreds of combinations and settings, your K40 Consult is essential to delivering a system that leaves you free to drive.

**Your own K40 Consultant,  
on-call, to answer questions  
and create solutions**

The K40 Consult establishes your relationship with your dedicated K40 Consultant. Should you ever have questions concerning your

RL360di System, your consultant is just a phone call away – an expert who likely has 15 or more years' experience working with the most advanced radar and laser detection systems in the world.

**"I get my questions  
answered, fast."**

"I admit it. I don't like reading instruction manuals. Lynette is incredibly helpful and patient. And I don't have to wade through a maze of voice prompts to reach her."

**- William Colbert,  
Newton, NH**

**"It's like I'm flying a  
stealth fighter jet."**

"The audio and visual alerts let me know exactly where the signal is coming from and how fast I'm approaching it. I feel like I'm driving an invisible car."

**- Coe Wilson,  
Houston, TX**

# The ultimate protection system: The RL360di force

K40's design mounts detection units behind the front grille, in the rear bumper, and even in your license plate holders. The result is complete immunity from speeding tickets, guaranteed.

## 360° of speeding ticket protection

You're covered bumper to bumper. The K40 RL360di is the world's first radar and laser detection system that protects you from every angle. You receive ample warning of the type of police radar being used, the proximity of the radar targeting, and the direction of the police radar...all of which gives you more time to adjust your speed and avoid a ticket.

## The K40 Laser Defuser® stops police laser

Add up to five optional K40 Laser Defusers to your RL360di System to get the most sophisticated anti-laser technology ever designed. The Defuser instantaneously detects and "defuses" the pulse laser light signal transmitted by police laser guns.

**Advanced, customizable features add convenience, safety, and peace of mind.** The RL360di is loaded with advanced features and functions designed to optimize your driving experience:

#### **Advanced GPS Technology:**

**Mark to Mute** – Silence regularly encountered non-police radar locations.

**Mark to Alert** – Mark speed traps, cameras, school zones.

**Quiet Ride** – Silence warnings under a pre-selected speed.

**Speed Monitor** – Alerts if selected speed is exceeded.

#### **Concealable Remote**

Control your RL360di System from the palm of your hand with our easy-to-conceal remote.

#### **K-Band Filter**

Rejects alerts from vehicles equipped with radar-based safety features. Even your own!

*optional K40 Laser Defusers.*

# The world's best guarantees from the industry leader

When K40 designed and patented the world's first custom-installed remote radar detector in 1982, we were so confident of its performance we began offering an unprecedented guarantee:

**If you get a speeding ticket, we'll pay for it**

K40 was the first radar and laser detector manufacturer in the world to back every product with a Ticket-Free Guarantee: Speeding tickets are covered in full for one year from date of purchase.

## **100% Satisfaction Guarantee**

K40 offers the best guarantees in the industry. It's a confidence that comes from three decades of designing and installing the very best automotive radar and laser protection systems in the world. The K40 RL360di guarantee also includes:

- **100% Performance Guarantee** – If your RL360di does not outperform any other radar detector you've owned, return it within 30 days for a full product credit.
- **100% Theft Protection** – If your RL360di is ever stolen, K40 will replace it at no cost to you. Simply provide proof-of-purchase and a police report.
- **100% Quality Guarantee** – K40 pays for any repairs or replacement of defective parts for one full year from date of purchase.

**"Thanks for picking up  
the tab!"**

"Plenty of warning.  
I just didn't slow  
down. So they got me.  
And you picked up the tab,  
as promised! Very cool."

**- Ken Farmer,  
Los Angeles,  
CA**

# A commitment to making customers for life

Unmatched customer loyalty: Why do customers who bought their first K40 radar detector back in 1981 continue to upgrade their speeding ticket protection with K40 four decades later?

Our commitment to designing the most advanced radar and laser protection systems in the world, coupled with our singular focus on delivering a “white glove” installation and customer service experience that drivers of the world’s finest automobiles expect, has made K40 the preferred choice of “fast lane” drivers.

**Sold only through our network of elite K40 Authorized Dealers**

An RL360di System configuration and installation requires an expert's touch. That's why the only place you can get the world's finest radar and laser protection system is from one of our elite K40 Authorized Dealers.

**A K40 Consultant will answer your call every time**

At a time when more and more businesses have made it difficult for customers to get questions answered and issues resolved through personal contact, K40 continues to encourage our customers to call first. Your dedicated K40 Consultant will answer your call 24/7...even on weekends and holidays.

**"Third K40."**

"Bought my first K40 radar detector in 1985. This RL360di System is my third K40 investment. Like my previous buys, it's been worth every penny."

**- Keith White,  
Atlanta, GA**
